## 6.0. Evaluation Methodology

A two stage process is adopted for selection of the vendor:

Stage1: Eligibility cum Technical Bid

Stage 2: Evaluation methodology for eligible bidder

- Technical Bid Evaluation
- Commercial Bid Evaluation
- Weighted evaluation

During evaluation of the Tenders, the Company, at its discretion, may ask the Vendor for clarification in respect of its tender. The request for clarification and the response shall be in writing, and no change in the substance of the tender shall be sought, offered, or permitted. The Company reserves the right to accept or reject any tender in whole or in parts without assigning any reason thereof. The decision of the Company shall be final and binding on all the vendors to this document and Company will not entertain any correspondence in this regard.

### 6.1. Eligibility Bid

Eligibility criterion for the Vendor to qualify this stage is clearly mentioned in Annexure 01 – Eligibility Criterion Compliance to this document. The vendor would need to provide supporting documents as part of the eligibility proof.

### 6.2. Evaluation Methodology for Eligible Bidder

After qualifying the eligibility criteria, the evaluation will be a three stage process. The stages are:

- Technical Bid Evaluation

- Commercial Bid Evaluation
- Weighted evaluation

The technical evaluation and the commercial evaluation shall have the weightage of 70% and 30% respectively and this weightage shall be considered for arriving at the successful bidder. The evaluation methodology vis-à-vis the weight-ages are as under:

○ **Technical Bid Evaluation**

The vendor needs to achieve a cut – off score of 70 marks in this evaluation stage to be qualified for commercial bid opening. The Technical Proposal will be evaluated for technical suitability and the criteria for evaluation of technical bids are as under:

#	Proposal Bid Evaluation	Scores
1	Credential strengths	20
2	Project Team profile	10
3	Reference Site Evaluation	10
4	Bidder Demo/ presentations and Project Plan Timelines	60
<b>Maximum Technical Proposal Bid Evaluation Score</b>		<b>100</b>

The technical evaluation would involve the following major areas:

**1. Credential strengths of the Bidder**

Each Bidder having credentials as stated in Annexure 02 – Credential strengths will get marks according to their implementation experience.

**2. Reference site Evaluation**

Company requires the Bidders to provide at least ONE reference of organization where similar solution has been implemented by the bidder. The reference site should be one where the Bidder has carried implementation of **RFP for digitization of merchant Onboarding process** in last 5 years and is currently in use as of date of the RFP.

The evaluation of reference project shall be based on feedback of Operations & Management teams of the reference organization and observations of Company designated officials towards project implementation methodology and execution. The scale of evaluation is as under:

SNC	Evaluation Parameter	Scale of Score
1	Level of satisfaction of Technology & management teams of the reference organization	0-5
2	Observations of Company designated officials towards Project overview, Implementation methodology and adherence to project timelines of reference Project	0-5
	Maximum Score	10

### 3. Bidder presentation

The Company will require the Bidders to make presentations regarding the various aspects of the proposed solutions. This process will also enable the Company to clarify issues that may be identified from the Bidders' responses to the RFP. The Evaluation Committee decided by the Company would be scoring the presentation made by the Bidders at Company's premises based on a structured questionnaire broadly across the following:

#	Evaluation of the Bidder Presentation
1	Project Execution Methodology
2	Solution Architecture and Design – Key Features and Functionalities
3	Operational Ease
4	Adherence to Project Timelines
5	Execution Competency (Solution Accelerators, Functional & Technical Competency)

#### ○ Commercial Bid Evaluation

The vendor who achieves the required cut – off technical score as part of technical evaluation shall be qualified for commercial bid opening. The commercial bid would be evaluated based on a "Total Cost of Ownership" ('TCO') basis. The key considerations of the TCO would be the total payouts for entire project through the contract period of 5 years.

#### ○ Weighted Evaluation:

On the basis of the combined weighted score for technical and commercial evaluation, the bidders shall be ranked in terms of the total score obtained. The proposal obtaining the highest total combined score in evaluation of quality and cost will be ranked as H-1 followed by the proposals securing lesser marks as H-2, H-3 etc. The proposal securing **the highest combined marks and ranked H-1 shall be recommended for award of contract.**

As an example, the following procedure can be followed:

A score (S) will be calculated for all qualified bidders using the following formula:

$$C_{low}/C \times 100 + T(1-X)$$

**C** stands for discounted rate arrived basis of commercial evaluation;

**C<sub>low</sub>** stands for the lowest rate arrived basis of commercial evaluation.

**T** stands for technical evaluation score and

**X** is equal to 0.30.

#	Bidder	Technical Evaluation Marks (T)	Discounted Rate (C)	T * 0.70 (A)	[(C <sub>low</sub> / C) x 100] x 0.30 (B)	Score (S = A + B)
1	AAA	75	120	52.5	25	77.5
2	BBB	80	100	56	30	86
3	CCC	90	110	63	27.3	90.3

In the above example, C<sub>low</sub> is 100.

In the above example, CCC, with the highest score becomes the successful bidder (**H1**).

In case of more than one vendor with equal highest score (S) upto three decimal, then number of decimal will be increased.

The Company may in its absolute discretion engage in discussion or negotiation with H1 bidder. The decision of the Company shall be final and binding on all the vendors to this document. The Company reserves the right to accept or reject an offer without assigning any reason whatsoever.

## **7.0. Payment Terms**

The bidder must accept the payment terms proposed by the Company. The commercial bid submitted by the bidder must be in conformity with the payment terms proposed by the Company. Any deviation from the proposed payment terms would not be accepted. The Company shall have the right to withhold or deduct (in event of SLA breach) any payment due to the selected bidder, in case of delays or defaults on the part of the selected bidder. Such withholding of payment shall not amount to a default on the part of the Company. If any of the items / activities as mentioned in the price bid is not taken up by the Company during the course of the assignment, the Company will not pay the professional fees quoted by the vendor in the price bid against such activity / item.

### **7.1. Processing Charges**

There shall be no escalation in the prices once the prices are fixed and agreed to by the Company and the selected bidder. Payment will be released by the Company as per above payment terms on submission of relevant documents.
