Stage C. Techno-commercial Evaluation will be done as detailed in this document.

The three stage evaluation shall be done sequentially on knock-out basis. This implies that those bidders qualifying in Stage A will only be considered for Stage B and those who qualify in Stage B will only be considered for Stage C.

Please note that the criteria mentioned in this section are only indicative and BFSL, at its discretion, may alter these criteria without assigning any reasons. BFSL also reserves the right to reject any / all proposal(s) without providing any specific reasons.

All deliberations and evaluations performed by BFSL will be strictly confidential and will be maintained as property of BFSL exclusively and will not be available for discussion to any bidder of this RFP.

During evaluation of the Tenders, the Company, at its discretion, may ask the Bidder for clarification in respect of its tender. The request for clarification and the response shall be in writing, and no change in the substance of the tender shall be sought, offered, or permitted. The Company reserves the right to accept or reject any tender in whole or in parts without assigning any reason thereof. Stage A - Evaluation of Eligibility:

The bidders of this RFP will present their responses as detailed in this document. The Response includes Annexure A1 which provide details / evidences in respect of the Bidder for meeting the eligibility criteria, leading the BFSL to evaluate the Bidder on eligibility criteria.

The Bidder will meet the eligibility criteria mentioned in this document individually. BFSL will evaluate the bidders on each criterion severally and satisfy itself beyond doubt on the Bidder's ability / position to meet the criteria. Those bidders who qualify on ALL the criteria will only be considered as "Qualified under Stage A" of evaluation and will be considered for evaluation under Stage B.

Those bidders who do not qualify at this Stage A will not be considered for any further processing. The EMD money of such bidders will be returned only after complete processing of tender and awarding of contract to successful bidder.

BFSL therefore, requests that only those Bidders who are sure of meeting the eligibility criteria only need to response to this RFP process.

Stage B - Technical Evaluation:

BFSL will select one vendor to provide telecalling services, In scenario were L1 vendor is not able to perform, BFSL might approach all empaneled bidders. All the bidders scoring above 70 marks will be empaneled with BFSL and shall be given preference for quotation for any requirement arising for telecallers outbound or inbound.

BFSL might consider them for tele verification as well.

BFSL will share the requirement with empaneled vendor and seek quotation , Finalization will be on purely techno-commercial basis or on sole discretion of BFSL.

The Bidders of this RFP will present their responses as per **Annexure B1** and as detailed in this document. The Responses as per **Annexure B1** seeks specific details on Bidder' s ability to deliver the service requirements of this RFP.

The bases for technical evaluation are as below:

BFSL may visit any of the centres for "Site Visit" indicated by you in **Annexure B1** or any other existing centre at its discretion.

BFSL will allot score to the above evaluation criteria individually. The aggregation of the scores under the above three criteria will be termed as "Aggregate Technical Score (ATS)" and will be used for further evaluation. **The template for "Stage – B Technical Evaluation" is as per the Annexure B1.**

Those Bidders who meet a threshold score under "Aggregate Technical Score" will be considered as "Qualified under Stage B" and will be considered for evaluation under Stage C. Those who do not meet the above threshold will not be considered for further evaluation and their EMD monies will be returned.

The "Aggregate Technical Score" secured by the Bidders will be used in the Stage C – Techno-Commercial Evaluation.

The technical evaluation and the commercial evaluation (Cost per FTE) shall have the weightage of 0% and 0% respectively and this weightage shall be considered for arriving at the successful bidder. The evaluation methodology vis-à-vis the weightages are as under:

○ **Technical Bid Evaluation**

- Demonstration of the product specifications using an internet based instance by connecting through internet will not be permitted.
- The demonstration can be carried out in Company's premises in Mumbai or at Bidder's office.

○ Commercial Bid Evaluation

The commercial bid evaluation will be done on the basis of total cost, which is a sum of total tele-calling cost, total pick-up cost and total cost for digital campaign.

Stage C - Techno-Commercial Evaluation:

"Final Score" will be calculated giving due weightage to technical evaluation (Aggregate Technical Score), commercial proposal under both types of pricing. Hence, there shall be a single ranking list, on H-1 basis. The procedure is as below:

1. BFSL seeks the bidder to quote for first year of operation and cost escalation in subsequent years under said pricing methods, viz "cost per FTE per shift per month". For the purpose of commercial evaluation, BFSL will consider weighted average of prices quoted under each pricing method. BFSL will also give due consideration to both methods of pricing.

2. The “Final Score” resulting from “Techno-Commercial Evaluation” shall be the basis for identification of Bidder.

The above process is detailed in the paragraphs below.

Cost per FTE:

BFSL requires the Bidder to operate and manage the out sourced services. The Bidder may incur several costs – cost of agents and other employees, cost of transportation for employees, operational expenses and overheads (stationery, utility items, etc.). It will not be operationally viable to pay all these expenses individually. Therefore, it has been decided that BFSL will fix a single consideration for all services, i.e., cost per FTE (Full Time Equivalent) per shift per month.

Therefore, Bidders will quote “cost per FTE per shift per month’ in the commercial response, which are further clarified as under:

• **Cost per FTE per shift per month’**

- ▷ FTE indicates **an agent or a team leader** occupying a work station, deployed at any point in time when the Service centre is up. FTE does not include other staff members (quality teams, managers, support staff members, IT experts, etc). BFSL shall only count the number of FTEs as defined above and shall not count other staff members put on deployment for operations and management of Service centre.
- ▷ The Bidder will quote the “Cost per FTE per shift per month”. It means the cost shall be for one FTE (agent and team leader) for one shift of 8 hours (day or night) for one month. The Bidder might deploy any number of shifts of any duration of hours. However, BFSL shall consider the total number of logged in duration of Agents and Team leaders in a month and split the same into a shifts of 8 hours duration.
- ▷ The following table gives an illustrative example.

The total logged in duration in a month for both Agents & team leaders at <ul style="list-style-type: none"> • 12 hours a day, (to be split into shifts of any duration) • Average 75 FTEs • 30 days a month shall be	27000 hours
Number of FTEs per month per shift shall be <ul style="list-style-type: none"> • 27000 hours / 8 hours / 30 days 	$27000 / 8 / 30 = 112.5 \text{ FTEs}$
Amount payable to Bidder	$112.5 \times \text{Rs.}25000 =$
If the “cost per FTE per shift per month” is Rs.25000, then, the amount payable shall be	Rs.28,12,500/-

- ▷ Total logged-in hours will be ascertained location-wise, i.e., logged-in hours will be ascertained separately.
- ▷ Cost of other staff members, others operational costs and cost of handling inbound and outbound calls will have to be loaded on the “Cost per FTE per shift per month” and no other cost will be paid by the company..
- ▷ Agents mean one who handles the calls directly. Team leader means one who supervises a set of agents. Team leader does not include any other supervisory or support staff members.
- ▷ The time duration spent by agent or team leader on on-going / regular training shall not be considered as “logged-in” duration.
- ▷ There shall be no difference in “Cost per FTE per shift per month” between agent and team leader.
- ▷ There shall be no difference in “Cost per FTE per shift per month” between night shift and day shift.
- ▷ There shall be no difference in “Cost per FTE per shift per month” for agents of various skill sets.
- ▷ The Bidder will build all the other costs into this “Cost per FTE per shift per month”
- ▷ If the company decides to scale up or scale down the operations, the above “Cost per FTE per shift per month” will remain to be the same and the company will pay depending on the total logged in time duration of agents and team leaders.
- ▷ “Inbound Call” refers to the calls diverted by IVR to any Agent or Team Leader.
- ▷ “Outbound Call” refers to the calls made for soft recovery, appointment fixing, service closure, reminders, etc. The outbound call is said to be considered as “A Call” only if the targeted receiver of the call ‘responds by voice’ in the call.
- ▷ The Average Handling Time fixed in this document is 4 minutes. Hence any call duration exceeding this AHT will be considered as beginning of next call, for counting purposes. The total duration of AHT divided by four minutes will result in number of calls handled by the agent or team leader.

Annual Escalation

BFSL proposes to enter into contract for initial period of 3 years and subsequent extension as per BFSL's discretion. If need be, BFSL may extend the contract for further periods also. Hence, the cost to be quoted in the Commercial Response should include escalation clause also.

Therefore, the bidder will indicate the following:

Loaded Cost per FTE (Includes Infrastructure, IT, Real estate, etc) per shift per month

- ▷ **NO Escalation for first 3 year of contract**
- ▷ Escalation as a % to cost per FTE per shift per month for fourth year over third year
- ▷ The table below is the format for presenting the Commercial proposal. This is **Annexure C-I** in your response to this RFP

Cost per FTE per shift per month (Please indicate the single cost applicable to both locations)			
	No.	Description	Costs (INR) / (%)
A	1	Cost per FTE per shift per month (For the first 3 year)	(INR)
	2	Escalation as a % to cost per FTE per shift per month for Fourth year over third year (This is only for reference and this will not be used for techno-commercial evaluation)	(%)
	3	Escalation as a % to cost per FTE per shift per month for fifth year over fourth year (This is only for reference and this will not be used for techno-commercial evaluation)	(%)

- ▷ “Cost per FTE per shift per month” quoted will be considered while doing the techno-commercial evaluation.
- ▷ The cost to be quoted above should be valid for at least 6 months from the last date for submission of the response to this RFP.

- **Procedure for techno-commercial evaluation**

- **Weighted Evaluation:**

On the basis of the combined weighted score for technical and commercial evaluation, the bidders shall be ranked in terms of the total score obtained. The proposal obtaining the highest total combined score in evaluation of quality and cost will be ranked as H-1 followed by the proposals securing lesser marks as H-2, H-3 etc. The proposal securing **the highest combined marks and ranked H-1 shall be recommended for award of contract.**

Example:

The following is an illustration of the above procedure, keeping the weight for technical at 40% and commercial at 60%. (Cost per FTE)

No	Bidder	Aggregate Technical Score (ATS)	Cost per FTE (Rs.)	C-low _{FTE} / C _{FTE}	T / (T high)	Final Score
1	XYZ Ltd	88	22148	0.81	1.00	92.40
2	ABC Ltd	75	18714	0.96	0.85	89.40
3	123 Ltd	72	17957	1.00	0.82	89.20

⇒ In the above example, XYZ Ltd will become H-1 and Bank will consider XYZ Ltd for the purpose.

The Company may in its absolute discretion engage in discussion or negotiation with H1 bidder. The decision of the Company shall be final and binding on all the Bidders to this document. The Company reserves the right to accept or reject an offer without assigning any reason whatsoever.

23.0 Payment Terms

The payment will be released as follows:
