7.2. Evaluation Methodology for Eligible Bidder

After qualifying the eligibility criteria, the evaluation will be a three stage process. The stages are:

- Technical Bid Evaluation
- Commercial Bid Evaluation
- Weighted evaluation

The technical evaluation and the commercial evaluation shall have the weightage of 70% and 30% respectively and this weightage shall be considered for arriving at the successful bidder. The evaluation methodology vis-à-vis the weight-ages are as under:

○ Technical Bid Evaluation

The vendor needs to achieve a cut – off score of 70 marks in this evaluation stage to be qualified for commercial bid opening. Only those vendors who achieve the specified cut – off scores would be short-listed for Commercial Bid Evaluation. The Technical Proposal will be evaluated for technical suitability and the criteria for evaluation of technical bids are as under:

#	Proposal Bid Evaluation	Scores
1	Credential strengths	30
2	Reference Site Evaluation	10
3	Presentation & Techno Functional Requirement	60
Maximum Technical Proposal Bid Evaluation Score		100

The technical evaluation would involve the following major areas:

1. Credential strengths of the Bidder

Each Bidder having credentials as stated in Annexure 02 – Credential strengths will get marks according to their implementation experience.

2. Reference site Evaluation

Company requires the Bidders to provide at least ONE reference of organization where similar solution has been implemented by the bidder. The reference site should be one where the Bidder has carried implementation of Website Redesign and Maintenance in last 3 - 5 years and is currently in use as of date of the RFP.

The evaluation of reference project shall be based on feedback of Operations & Management teams of the reference organization and observations of Company designated officials towards project implementation methodology and execution. The scale of evaluation is as under:

SNC	Evaluation Parameter	Scale of Score
1	Level of satisfaction of Technology & management teams of the reference organization	0-5
2	Observations of Company designated officials towards Project overview, Implementation methodology and adherence to project timelines of reference Project	0-5
	Maximum Score	10

2. Bidder presentation

The Company will require the Bidders to make presentations regarding the various aspects of the proposed solutions. This process will also enable the Company to clarify issues that may be identified from the Bidders' responses to the RFP. The Evaluation Committee decided by the Company would be scoring the presentation made by the Bidders at Company's premises based on a structured questionnaire broadly across the following:

#	Evaluation of the Bidder Presentation
1	Project Execution Methodology

#	Evaluation of the Bidder Presentation
2	Solution Architecture and Design – Key Features and Functionalities
3	Operational Ease
4	Adherence to Project Timelines
5	Execution Competency (Solution Accelerators, Functional & Technical Competency)
6	Appendix 01 – Also contains Presentation Agenda. Request you to kindly refer.

Commercial Bid Evaluation

The vendor who achieves the required cut – off technical score as part of technical evaluation shall be qualified for commercial bid opening. The commercial bid would be evaluated based on a “Total Cost of Ownership” (‘TCO’) basis. The key considerations of the TCO would be the total payouts for entire project through the contract period of 5 years.

Weighted Evaluation:

On the basis of the combined weighted score for technical and commercial evaluation, the bidders shall be ranked in terms of the total score obtained. The proposal obtaining the highest total combined score in evaluation of quality and cost will be ranked as H-1 followed by the proposals securing lesser marks as H-2, H-3 etc. The proposal securing **the highest combined marks and ranked H-1 shall be recommended for award of contract.**

As an example, the following procedure can be followed:

A score (S) will be calculated for all qualified bidders using the following formula:

$$C_{low}/C \times 100 + T (1-X)$$

C stands for discounted rate arrived basis of commercial evaluation;

C_{low} stands for the lowest rate arrived basis of commercial evaluation.

T stands for technical evaluation score and

X is equal to 0.30.

#	Bidder	Technical Evaluation Marks (T)	Discounted Rate (C)	T * 0.70 (A)	[(C _{low} / C) x 100] x 0.30 (B)	Score (S = A + B)
1	AAA	75	120	52.5	25	77.5
2	BBB	80	100	56	30	86
3	CCC	90	110	63	27.3	90.3

In the above example, C_{low} is 100.

In the above example, CCC, with the highest score becomes the successful bidder (**H1**).

In case of more than one vendor with equal highest score (S) upto three decimal, then number of decimal will be increased.

The Company may in its absolute discretion engage in discussion or negotiation with H1 bidder. The decision of the Company shall be final and binding on all the vendors to this document. The Company reserves the right to accept or reject an offer without assigning any reason whatsoever.
